GRANITE BAY, CA, JULY 17, 2018 a leading technology solutions procurement advisory company, today announced that they have entered into a strategic partnership with 8x8, Inc., a leading provider of secure and reliable global cloud communications, contact center and customer engagement solutions.

Procure Advisor was founded out of frustration with the inefficiencies associated with the current procurement process. After many years as decision makers with multiple RFP, RFI and procurement decisions under their belts the Procure Advisor team know exactly what happens when you identify a need for a new technology. The thought of having to shift the focus of yourself and your team away from your core business is not appealing. But deep down you know that once you have the new technology up and running it will improve efficiency, cut costs and drive results, so you budget the project and move forward in spite of the resulting distraction.
